Description

Ptolemy has an appearance/send to back menu that is not in kepler. We should add this and similar menus to the kepler gui.

History

#1 - 08/28/2009 10:54 AM - Daniel Crawl

I've enabled the Bring to Front and Send to Back menu items for actors and attributes.

I tried it for directors, but they always stay on top. Interestingly, it works in Ptolemy.

To close this bug, it should work for directors. I'm retargeting to post 2.0.
