Description

The following list was compiled when matt was at nceas in july 2003:

- make the login more friendly
- say "repository" instead of "registry"
- fix bullet alignment on index page
- main search page
- move icon legend to a link
- change "data search and processing interface" to "search and summarize data"
- move radio buttons to the right of the text box
- add submit button to search field
- change the wording of the 2nd paragraph
- "to get a graphical or statistical summary of a dataset either click on a summary statistics icon or select a dataset and click the 'process' button"
- "summary statistics" should be changed to "quick stats"
- put link to the key of the icons in the summary header
- summary icons
- scatterplot
- univariate
- north/south plot
- histogram
- change "data search" to "new data search"
- chris will redo the icons.
