

SEEK - Bug #1175

move specification of eml package to input

10/03/2003 01:40 PM - Chad Berkley

Status:	Resolved	Start date:	10/03/2003
Priority:	Immediate	Due date:	
Assignee:	Chad Berkley	% Done:	0%
Category:	ams	Estimated time:	0.00 hour
Target version:	AMS - October Meetin	Spent time:	0.00 hour
Bugzilla-Id:	1175		
Description			
the parameter that specifies what package to parse in the eml2 ingestion actor should be moved from an actor param to an actor input.
