

SEEK - Bug #1176

allow user selected icon in dynamic actor tool

10/03/2003 01:41 PM - Chad Berkley

Status:	Resolved	Start date:	10/03/2003
Priority:	Normal	Due date:	
Assignee:	Chad Berkley	% Done:	0%

Target version:	AMS - BEAM Meeting F	Spent time:	0.00 hour
Bugzilla-Id:	1176		

Description

The user should be able to create/select an icon to associate with the new actor. Need to look into existing SVG editors. The ptolemy group has said that they will not be continuing work on their icon editor for some time. We could possibly continue that work for them.
