Bugzilla-Id:	1268		

Description

Morpho XML editor creates an attribute of id="" when saving changes to an xml file. Since several tags may have allowed 'id' attributes, this causes the metacat check for identical ids to indicate a problem (empty strings match!) when trying to insert.

XML editor needs to be changed to not include optional attributes which are empty.

History

#1 - 01/23/2004 08:28 AM - Dan Higgins

Editor code modified to not include 'empty' id attributes. This avoids the matching attribute problem when inserting into Metacat.

#2 - 03/27/2013 02:16 PM - Redmine Admin

Original Bugzilla ID was 1268
