#### Description

Reported in morpho-feedback-20040122.doc in /doc/devs/ by 2.0 Andrea Chadden

In Morpho Editor, when user selects a data field to populate using the cursor, the cursor 'adds' a blank space that becomes the first character in the data field.

My comments:

getValue() function (used in morpho.editor.\*) returns "" if a key has no value.

#### History

**#1 - 01/31/2004 11:30 AM - Dan Higgins**

extra space removed

**#2 - 01/31/2004 11:31 AM - Dan Higgins**

fixed
