Description

Reported in morpho-feedback-20040122.doc in /doc/devs/ by Andrea Chadden:

Inconsistency in selecting 'Startup profile': When I started Morpho yesterday, I was immediately prompted to construct a new User Profile (I did so). Today, when I started Morpho, I was not prompted to do so; instead, another user's (Christy Bowles) profile was displayed in the 'select profile' box.

My Comments:

Looks more like computer dependent issue, rather than morpho issue. The profiles work fine for me.
