Description

1) Eliminate the label "Originator Address Information"
2) Change the Originator label to "Principal Data Set Owner"
3) Decrease # of roles to: PI, Custodian/Steward, Metadata Provider, Owner.
This change will need to be done at other places also where this list is being used.

History

#1 - 02/02/2004 03:53 PM - Saurabh Garg

4> Change delivery information to street information.

5> Is the address information entered in EML after parsing the string with commas? Should it be?

6> If another state is entered, it shows up in the list of US States in modify form. This can be changed by checking if the name is already in the list or not.

7> There are some states in the drop down list that are not states or american states. Should these be removed?

#2 - 02/10/2004 09:56 AM - Saurabh Garg

fixed 1), 2), 3), 4>
actually 2) conflicts with bug# 1308

#3 - 03/27/2013 02:16 PM - Redmine Admin

Original Bugzilla ID was 1300
