Description

-> The linsk to the guide need to be changed so that it is easier to understand
that they are links. Or a help icon can be added next to the heading and make
the icon a link instead of making the heading a link

-> Also the guide is out of date and needs to be updated for eml2.

"Also the guide is out of date and needs to be updated for eml2"

Maybe Andrea can be requested to do this as she helped in Morpho documentation -
so she already has some idea.
