Description

Comprehensive plot view page does not work with new 102 model. Must update this
functionality (generate limited plot XML with new model?).

The view does not need to change, it only needs to work with the new data model.

History

Works with 1.0.2

#2 - 01/31/2005 02:54 PM - Michael Lee

changed from components that are to be deleted to "misc" so that bugs don't get
deleted with component. Sorry for all the email.
