

VegBank - Bug #1351

enhancement requests for field name conversion form

02/24/2004 11:01 AM - Michael Lee

Status:	Resolved	Start date:	02/24/2004
Priority:	Normal	Due date:	
Assignee:	Michael Lee	% Done:	0%
Category:	vegbranch	Estimated time:	0.00 hour
Target version:	3.0.0	Spent time:	0.00 hour
Bugzilla-Id:	1351		
Description			
Would like:			
<pre>-- for duplicate field names (VegBank) to be handled more nicely -- check if conversion criteria are valid before asking to use them -- automatch fields that match names -- add button to skip all fields not matched to a fields -- confirm that user wants to add data to table if data already exists in that table. that's all.</pre>			

History

#1 - 07/08/2004 03:25 PM - Michael Lee

these are better handled in the simple import form.

#2 - 12/06/2004 05:38 PM - Michael Lee

csv now automatches, need to fix functino:
getTableHdrsToConvert_mdb
to do same with access fields

#3 - 12/06/2004 10:50 PM - Michael Lee

all field names on the standard load now match automatically. Need to add this still to simpleImport

#4 - 12/07/2004 04:07 PM - Michael Lee

now imports unicode files, detecting this automatically and also skips all fields not matched. Is nicer about duplicates:

What's still left:

(easy)CONFIRM THAT USER WANTS TO ADD DATA TO THE TABLE, if data already exist, or overwrite.

(hard)CHECK IF "ALREADY USED" conversions are possibly applicable.

(medium)DEAL WITH "DO YOU WANT TO SAVE THIS CONVERSION BETTER-- ADD LATER, BEFORE CLOSE?"

#5 - 12/07/2004 05:11 PM - Michael Lee

--DONE-- : CONFIRM THAT USER WANTS TO ADD DATA TO THE TABLE, if data already exist, or overwrite.

What's still left:

(hard)CHECK IF "ALREADY USED" conversions are possibly applicable.

(medium)DEAL WITH "DO YOU WANT TO SAVE THIS CONVERSION BETTER-- ADD LATER, BEFORE CLOSE?"

#6 - 12/07/2004 05:41 PM - Michael Lee

done:

DEAL WITH "DO YOU WANT TO SAVE THIS CONVERSION BETTER-- ADDED LATER, BEFORE CLOSE."

#7 - 12/09/2004 05:19 PM - Michael Lee

CHECK IF "ALREADY USED" conversions are possibly applicable. is done, but needs testing. This bug is on its last limb ([#6](#) of 6 of [#8](#) of 8 if it's a spider)

#8 - 12/16/2004 08:56 PM - Michael Lee

all of these are added and need testing, but if errors come up, then that would be a new bug.

#9 - 03/27/2013 02:16 PM - Redmine Admin
