Description			
Andhrea reported this. She entered a document with method para but no title and it didn't complain. The document was entered and the resultant document didnt have any method entry in it. Hence this needs to be checked.			

History

#1 - 04/30/2004 07:31 PM - Saurabh Garg

Fixed. If only one para was entered, the following code was failiing
if ((hasContent(\$FORM::methodTitle)) || scalar(@FORM::methodsPara) > 0) {

Replaced it with:
if ((hasContent(\$FORM::methodTitle)) || scalar(@FORM::methodsPara) > 0 ||
(\$FORM::methodPara⁰ ne "")) {
