Description

The bold heading should be changed to "Enter information about associated people and organizations." Note the lower case. I also don't like the use of the word "people" here. I think "party" makes more sense, although this may be a personal preference. In the 2nd line of text the word "resource" is used. This should probably be "package".

History

#1 - 03/31/2004 05:18 PM - Rick Reeves

Reeves suggests the following text change:

Enter Dataset Contact Information: Enter dataset Contact Information:
Contacts are persons or organizations who can provide information regarding interpretation of your dataset. Contacts may include, but are not limited to, the dataset owner.

#2 - 03/31/2004 05:23 PM - Rick Reeves

Reeves mistakenly added the previous comment to this bug. It actually belongs in Bug 1407.

#3 - 03/31/2004 05:26 PM - Rick Reeves

Reeves suggests the following text change:

Enter Associated Parties Information: These are persons or organizations functionally associated with the dataset. Enter the nature of the relationship in the Role field. For example, the person who maintains the database is an Associated Party with the role of 'custodian'.
