Morpho - Bug #1495

Typos/grammar errors in morpho installer "please read" text

04/15/2004 12:37 PM - Andrea Andrea

Status:	Resolved		**Start date:**	04/15/2004
Priority:	Normal		**Due date:**	
Assignee:	Dan Higgins		**% Done:**	0%
Category:	morpho - general		**Estimated time:**	0.00 hour
Target version:	Unspecified		**Spent time:**	0.00 hour
Bugzilla-Id:	1495			

Description

1) "…and a list ofthe new features…": needs a space between "of" and "the"
2) "This wizard also allows one to use the awizard forms…": take out "a"
3) a period is needed after "3. Run the installer application" for consistency
4) "Version 1.4 of Morpho add two new features as well as a number of…":
should be "adds"
5) Inconsistent use of "" and '' in the text.
6) Inconsistent use of the terms eml 2.0.0 and eml2 (same with eml beta 6 and
eml-beta6).
7) "Version 1.2 represent a substantial…": should be "represents"
8) "TextImportWizard" should be Text Import Wizard.
9) "…when running Morpho on a Macintosh.": there is an extra space between a
and Macintosh.
10)"GNU GPL" should be spelled out.
