Target version:	1.5.1	Spent time:	0.00 hour
Bugzilla-Id:	1535		
Description 1) open an existing datapackage, or create one from scratch 2) documentation -> research project 3) add a party to the personnel list, including a role, and hit OK to exit project dialog 4) documentation -> taxonomic - add a citation 5) in citation dialog, add a creator, but choose the party you entered in (3) as a reference. click OK 6) hilite this party and click edit. Click checkbox and choose to edit the original ref, and change something, click OK 7) add whatever required values are needed and click OK, OK to get back to morpho screen 8) documentation -> research project - hilite the party you entered in (3) and click edit 9) voila - the role is now blank			

History

#1 - 04/26/2004 04:59 PM - Perumal Sambasivam

Bug fixed. The entire party subtree was being replaced earlier and hence the role information was lost. Now we can selectively retains the necessary parts of a subtree when replacing. That fixes this bug.
