Blocked by SEEK - Bug #1576: Implement EnterProviderData for TOS v1.1.0 with ...			In Progress 05/25/2004

History

#1 - 06/14/2004 12:39 PM - Robert Gales

Added two classes for handling "according to", namely CAccordingTo and CDetailedAccordingTo. Likewise for publications, the classes CPublication and CDetailedPublication were added.

For names, the CDetailedName class was added to handle the atomic name types.

CConcept was modified to have a payload member, while the author and date strings were replaced with an CAccordingTo instance.
