#### History

##### #1 - 06/14/2004 12:52 PM - Aimee Stewart

parse the TES, then implement the basic algorithm of this method using stubs of the database functions to follow.

##### #2 - 09/13/2004 10:30 AM - Aimee Stewart

Use Napier's version 0.8 (in cvs as

[http://cvs.ecoinformatics.org/cvs/cvsweb.cgi/seek/projects/taxon/schemas/napier\\_abcdNames.xsd?rev=1.4&content-type=text/x-cvsweb-markup](http://cvs.ecoinformatics.org/cvs/cvsweb.cgi/seek/projects/taxon/schemas/napier_abcdNames.xsd?rev=1.4&content-type=text/x-cvsweb-markup))

for the parser. It addresses many of the problems we had with the previous version.

##### #3 - 12/13/2004 12:51 PM - Aimee Stewart

We have decided on TCS version 0.88. This is nearly complete.
