

SEEK - Bug #1596

data integration of Niche Modeling in Ecogrid

06/08/2004 10:56 AM - Bing Zhu

Status:	New	Start date:	06/08/2004
Priority:	Normal	Due date:

Category:	ecogrid	Estimated time:	0.00 hour
Target version:	Postpone	Spent time:	0.00 hour
Bugzilla-Id:	1596		
Description <p>The goal of the task is to use existing data model within Ecogrid system such as SRB to upload (bulkload) image files of Niche Modeling led by David Stockwell into an Ecogrid data source, initially targeting at SRB system. Metadata for image files is also injected into a backend database for the chosen data management system such as MCAT in SRB.</p> <p>With data stored in a Ecogrid data source, David can build Kepler workflow using our Ecogrid calls to query and retrieve data from Ecogrid in the future.</p> <p>Currently uploading data into SRB uses native SRB commands. This approach will be replaced by Ecogrid's PUT call after it is implemented.</p>
