#### Description

Currently Kepler is based on Ptolemy version 3.02. Version 4.0 Beta has been released and the actual 4.0 release is reportedly near. We need to update Kepler to use Ptolemy4, especially since version 4 has a number of improved features. [A CVS branch starting this has already been started by Ilkay and Efrat from SDSC.]

#### History

##### #1 - 07/19/2004 01:22 PM - Chad Berkley

ilkay, efrat and dan got this working in early july. kepler now fully builds and works with ptolemy II 4.0.
