Morpho - Bug #1701

All choices selected by default in tree editor

09/28/2004 02:35 PM - Dan Higgins

Description

If one expands the tree editor to show all elements, initially ALL choices show
up being 'selected' (at least on the Mac, probably on other systems). Actually
only one (the first) should be selected. This may cause problems when saving
(Unless a choice can be repeated, only one of the choices should EVER be selected.)
