

Kepler - Bug #1751

new mailing lists: kepler-users, kepler-votes

10/27/2004 06:58 AM - Bertram Ludaescher

Status:	Resolved	Start date:	10/27/2004
Priority:	Normal	Due date:	
Assignee:	Matt Jones	% Done:	0%
Category:	general	Estimated time:	0.00 hour
Target version:	1.0.0alpha6	Spent time:	0.00 hour
Bugzilla-Id:	1751		
Description <p>As the Kepler releases reach beta level (or better) it is important to discuss end user requests, issues etc. One mailing list doesn't fit all, hence the suggestion to separate out different ones:</p> <ul style="list-style-type: none">- kepler-dev: same as now- kepler-user(s?): questions, bug reports from end users, announcement of new releases, maybe a monthly FAQ posting, etc- kepler-votes: for Kepler members to vote on new members, technical issues etc <p>apropos VOTE: if you can (November 2nd) make use of it!!</p> <p>Bertram</p>			

History

#1 - 01/20/2005 10:06 AM - Chad Berkley

kepler-users is created. need to create kepler-votes.

#2 - 11/02/2005 12:27 PM - Matt Jones

kepler-users and kepler-members now exist. Closing.

#3 - 03/27/2013 02:18 PM - Redmine Admin

Original Bugzilla ID was 1751
