#### Description

Morpho currently exposes most wizard screens through the Documentation menu, with the exception of some of the very basic ones (such as Creator, Title/Abstract, etc). We need to add these so that all information that can be entered in the wizard can be revised via the documentation menu.

#### History

##### #1 - 12/17/2004 01:17 PM - Matt Jones

In priority order, we should add screens to Documentation menu for:

- 1) Abstract/Title
- 2) Keywords
- 3) Creators
- 4) Contacts
- 5) Associated Parties

##### #2 - 03/02/2005 01:14 PM - Veronique Connolly

Bug is fixed.

##### #3 - 03/02/2005 03:06 PM - Veronique Connolly

Add capability of re-entering the NDPWizard to edit metadata. When a user does that, the last page of the wizard will ask whether the user wants to save the edits as a new revision (version) of the dp OR as a completely new dp.

##### #4 - 05/26/2005 11:59 AM - Saurabh Garg

Added all the screens requested in Matt's comment.

Closing the bug.

##### #5 - 05/26/2005 12:00 PM - Saurabh Garg

Actually closing the bug.

##### #6 - 03/27/2013 02:18 PM - Redmine Admin

Original Bugzilla ID was 1754
