

## Morpho - Bug #1776

### Catalog search followed by "open existing dp" does not return all dps

11/18/2004 04:56 PM - Andrea Andrea

#### Description

If you do a search on the catalog (network), then close the search box, and then click "open an existing data package" on the main morpho screen, none or only a few of the data sets which should show up do. This contrasts with the case where a search is performed either locally or locally+network, the search results box is closed, and then the "open an existing data package" link is clicked, and all the data packages which should be shown are.

This bug was discovered by Veronique.

#### History

##### #1 - 03/01/2005 01:07 PM - Saurabh Garg

Rename Catalog search as 'Include Metacat in Search'

##### #2 - 05/26/2005 03:00 PM - Saurabh Garg

Veronique, I was not able to reproduce this bug. Maybe I fixed it and forgot to do a checkin. Can you check this bug again.

Also I think we already had discussion on this but I am not able to recall why we decided to use 'Include Metacat in Search' instead of 'Network Search' or 'Metacat Search'

##### #3 - 05/27/2005 08:57 AM - Veronique Connolly

This was fixed.
