Description			
title says it all			

History

#1 - 12/16/2004 01:42 PM - Rod Spears

didn't realize that the Config object caches or leaves in memory the DOM that I was replacing a value in
so I need to put the token back into the DOM node after the Query Object is created

#2 - 12/16/2004 01:42 PM - Rod Spears

fixed

#3 - 03/27/2013 02:18 PM - Redmine Admin

Original Bugzilla ID was 1837
