

Metacat - Bug #187

test metacat on Windows NT/2000

04/09/2001 12:26 PM - Matt Jones

Status:	Resolved	Start date:	04/09/2001

Target version:	Beta2	Spent time:	0.00 hour
Bugzilla-Id:	187		
Description Need to test the Metacat servlet on NT/2000, possibly using an Oracle DB that runs on another host for the time being. Then test with Oracle on NT as well. Eventually, when SQLServer support is enabled, will need to test against SQL Server as well.			

History

#1 - 06/06/2001 10:21 AM - David Blankman

Metacat (Oracle version) tested on Windows 2000 with Tomcat on Windows 2000. All features work. File paths referenced in the build.xml need to be localized for Windows use. Other than that everything works fine.

#2 - 06/06/2001 10:24 AM - David Blankman

need to keep open for SQL Server

#3 - 07/13/2001 03:44 PM - Jivka Bojilova

DONE
Tested on Windows NT/2000 with SQL Server 2000. It works really well. SQL Server shows better performance than Oracle. See TestResultsMetacat_SQLServer.xls & TestResultsMetacat_Oracle.xls in cvs:xmltodb/docs/dev
