

Kepler - Bug #1892

Design an interface to optionally log inputs, parameters and intermediate results

01/20/2005 11:05 AM - Ilkay Altintas

Status:	Resolved	Start date:	01/20/2005
Priority:	Normal	Due date:	
Assignee:	Ilkay Altintas	% Done:	0%
Category:	general	Estimated time:	0.00 hour
Target version:	Post-rel-1.0.0	Spent time:	0.00 hour
Bugzilla-Id:	1892		
Description Some users want to save experiment information and intermediate results. First update the listen to director to give more information on the inputs and outputs of the actors for each iteration. Also design formats to save this information in different archives. Also proposed: different levels of verbosity for monitoring of the execution.			

History

Listen to director should also show tokens flowing so they can be logged (beware large data flows)

#2 - 10/17/2005 11:08 AM - Ilkay Altintas

This was included in the provenance framework. The design is at <http://kepler-project.org/Wiki.jsp?page=KeplerProvenanceFramework>

Partially implemented by Oscar Barney. Will be checked into Kepler this week.
