Need to be able to reset (to null?) the search criteria. Also, we have a request to have 'Cancel' button to terminate a search.

Laura,

I just added the "Reset" and put all theSearch components in a groupbox. If of coarse needs all be redesigned, but this will at least let folks resets the Actor pane. Adding a "Cancel" will cause even more UI problems.

Plus, the implementation of the "Cancel" Button is non-trivial

Fixed at alpha5 release. Will not add cacle button at this time. Closing bug.

#4 - 11/02/2005 01:28 PM - Jing Tao

Cancel Button is already implemented. But it renamed as "Stop"
