Description			
Interpreting a taxon on this plot is broken, probably just needs to be rewritten to vegbank:get. I'm happy to help with doing so.			

History

#1 - 04/08/2005 06:14 PM - Michael Lee

Almost completely fixed. Need to deal with embargoes. Need to always set emb_taxoninterpretation to 0. I added a form item like this, but needs referencing in struts action.

#2 - 04/15/2005 10:23 AM - P. Anderson

done.
also trimming whitespace off the given AC
