

EML - Bug #2085

Access Control not shown by EML stylesheets

05/20/2005 06:35 PM - Saurabh Garg

Status:	New	Start date:	05/20/2005
Priority:	Normal	Due date:

Target version:	Unspecified	Spent time:	0.00 hour
Bugzilla-Id:	2085		

Description

The access control information is not shown by XSLTs if no public read access is specified. So if we have access control as:

```
<access>
<allow>
<principal>public</principal>
<permission>read</permission>
</allow>
<allow>
<principal>uid=sgarg,o=NCEAS,dc=ecoinformatics,dc=org</principal>
<permission>read</permission>
</allow>
</access>
```

or

```
<access>
<deny>
<principal>public</principal>
<permission>read</permission>
</deny>
<allow>
<principal>uid=sgarg,o=NCEAS,dc=ecoinformatics,dc=org</principal>
<permission>read</permission>
</allow>
</access>
```

then the XSLTs will show access rule for uid=sgarg

But if we have this:

```
<access>
<allow>
<principal>uid=sgarg,o=NCEAS,dc=ecoinformatics,dc=org</principal>
<permission>read</permission>
</allow>
</access>
```

then nothing is shown by XSLTs.

History

#1 - 10/01/2008 12:25 PM - Margaret O'Brien

these bugs are for stylesheet and documentation updates. changed to EML.2.1.0 priority 3, to be taken care of after changes to schema

#2 - 10/01/2008 04:30 PM - Margaret O'Brien

moving stylesheet bugs to P4 (after schema and documentation done)

#3 - 04/02/2009 10:36 AM - Margaret O'Brien

Open stylesheet bugs are now associated with EML's Utility component

#4 - 03/27/2013 02:19 PM - Redmine Admin

Original Bugzilla ID was 2085
