

VegBank - Bug #2086

IE selecting item doesn't complete?

05/23/2005 12:54 PM - Michael Lee

Description

I select one plot and it seems to have worked, but when I select the second one, the hour glass continues to go and the shopping cart with the minus doesn't appear. The IE flag continues to wave, but I haven't gone anywhere. So it's stuck in never never land somehow. Once, it did (after a long while) give the following error message:

Line: 23

Char: 9

Error: Unknown runtime error

Code: 0

URL: http://aldo.vegbank.org/vegbank/views/observation_summary.jsp

Other links on the page don't appear to work, at least until the error message has been displayed. Firefox is fine, of course.

The text on numbers of plots in the dataset doesn't update, but I don't know if that's related or not.

History

#1 - 05/23/2005 01:07 PM - Michael Lee

the log is full of this message:

at

org.vegbank.common.utility.VBModelBeanToDB.insert(VBModelBeanToDB.java:227)

at

org.vegbank.common.utility.VBModelBeanToDB.handleChildren(VBModelBeanToDB.java:420)

#2 - 05/24/2005 02:31 PM - Michael Lee

Now IE does select fine.
