

Morpho - Bug #2208

tree editor checks spatialVector after editing any field in data packages containing data Tables

09/28/2005 10:33 AM - Will Tyburczy

Status:	Resolved	Start date:	09/28/2005
Priority:	Normal	Due date:

Target version:	1.6	Spent time:	0.00 hour
Bugzilla-Id:	2208		
Description			
When editing a package in tree editor, if a user clicks "show all", edits any field, and then either clicks "trim", selects another field, or clicks anywhere in the tree, the "spatialVector" element is erroneously checked. This only happens in data packages which contain dataTable elements.
