Bugzilla-Id:	2230		
Description			
Currently our delimiter reader only handle head line number and doesn't handle foot line in data file. We need to support this feature.			

History

Once footer lines are supported, test and close this bug. This is needed for some of the data files in the SEEK biodiversity case studies.

#2 - 03/01/2006 11:19 AM - Jing Tao

Add a buffer - Queue to handle foot lines. Now simple delimited type data can handle foot lines, but complicated delimited data haven't been implemented yet.
