DiGIR ecogrid support for multiple Darwin Core versions

11/29/2005 12:20 PM - Matt Jones

Status:	In Progress	Start date:	11/29/2005
Priority:	Normal	Due date:	
Assignee:	Kevin Ruland	% Done:	0%

Target version:	ecogrid-1.0.0	Spent time:	0.00 hour
Bugzilla-Id:	2293		
Description Darwin Core comes in at least two incompatible versions, but these two versions share the same namespace (even though their schemas differ in significant ways). We need EcoGrid queries to be able to handle multiple DarwinCore schemas, probably by differentiating them by testing for known elements in each result.
