Bugzilla-Id:	2294		

Description

The current SRB implementation uses grid services. Need to migrate it to use
only web service methods using the new WS build system that is checked in under
the 'axis-only-branch'. The migration should happen in two phases.

First:
1) get operation
2) query operation

Then afterwards:
3) login/logout operations (will be deprecated eventually)
4) put operation

History

#1 - 01/18/2008 11:12 AM - Jing Tao

Migration is done
