Target version:	ecogrid-1.0.0beta2	Spent time:	0.00 hour
Bugzilla-Id:	2297		

Description

The current GEON/ADN implementation uses grid services. Need to migrate it to use only web service methods using the new WS build system that is checked in under the 'axis-only-branch'.

First:

- 1) get operation
- 2) query operation

The other methods (login, logout, put) may not be relevant to GEON if it is a read-only service.

History
