

Metacat - Bug #2437

Cleaner install for spatial components

05/16/2006 09:46 AM - Saurabh Garg

Status:	Resolved	Start date:	05/16/2006
Priority:	Normal	Due date:	
Assignee:	Matthew Perry	% Done:	0%
Category:	metacat	Estimated time:	0.00 hour
Target version:	1.7	Spent time:	0.00 hour
Bugzilla-Id:	2437		
Description			
Make geoserver install possible from metacat build file and easier integration into the skins.			

History

#1 - 06/30/2006 07:56 AM - Saurabh Garg

Matthew is working on this. Reassigning the bug to him and retargeting the bug to 1.7

#2 - 09/11/2006 02:34 PM - Matthew Perry

Geoserver now ships w/ metacat. It runs in the same servlet context and is an integrated part of the build process. The mapbuilder client interface is also fully configurable by each skin.
