Bugzilla-Id:	2528		
Description			
There are new fields and new tables to digest (and a new number of fields (75))			

History

#1 - 09/04/2006 05:18 PM - Michael Lee

There are now more fields in the import tables. Plant and Comm Name matching is highly improved. A bit more close QA of new tables with accessioncodes like TAxonInt, *Status should be done, but initial run-through looks like everything went well.

#2 - 09/06/2006 09:44 AM - Michael Lee

VegBranch 1.7 now imports VegBranch csv from VegBAnk. Just need to have that downloadable again.
