Category:	registry	Estimated time:	0.00 hour
Target version:	2.2.0	Spent time:	0.00 hour
Description			
There should be an easy way for users to submit their email on a form on the KNB website, and have an email sent to them listing the account names affiliated with that email. This would prevent users from having to submit requests for lost or forgotten KNB account names to knb-help.
