#### Description

I was searching for the Display actor and came up with multiple bugs (features). First, the search term should be trimmed (I searched for 'text ' and got only actors whose annotation fully contains 'text ').

Second, searching for 'text display', doesn't return anything. I'm not sure what the plans are for multiple search terms, but it would increase the usability.

#### History

##### #1 - 06/27/2007 02:17 PM - Dan Higgins

Trimmed the search string in 'SimpleLibrarySearcher' class.  
Changed to 'enhancement' for the multiple word search option

##### #2 - 03/27/2013 02:20 PM - Redmine Admin

Original Bugzilla ID was 2672
