

EML - Bug #2701

Data Manager Library: Support for inline data

12/15/2006 08:42 AM - Duane Costa

Status:	New	Start date:	12/15/2006
Priority:	Normal	Due date:	
Assignee:	Jing Tao	% Done:	0%
Category:	datamanager	Estimated time:	0.00 hour
Target version:	DataManager 1.1.0	Spent time:	0.00 hour
Bugzilla-Id:	2701		

**Description**

Wait for the next release -- as far as I know there is very little or no inline data out there in the KNB collection.

Matt

    Matt, Mark:

    Do you think that handling inline data should be a priority for release 1.0.0 of the Data Manager Library, or something that should be recorded in Bugzilla as an enhancement for the next release, 1.1.0?

    Thanks,  
    Duane

    Hi, Duane:

    Our datamanager couldn't handle inline data so far. Do you think this feature has very high priority?

        Subject: In-line data

    Hi Jing,

    We have some metadata that contains <inline> tags to the

data. Is the

Data Manager download handler able to use this to download the data?

.  
.  
.

Thanks,  
Duane
