

## InfoVeg - Bug #2776

### Need some queries to help us summarize issues for contractors

02/14/2007 02:33 PM - Michael Lee

<b>Status:</b>	Resolved	<b>Start date:</b>	02/14/2007
<b>Priority:</b>	Normal	<b>Due date:</b>

<b>Target version:</b>	x2008-June	<b>Spent time:</b>	0.00 hour
<b>Bugzilla-Id:</b>	2776		
<b>Description</b>			
Need a naming scheme (qa_quick)?			
A simple summary by project: SELECT project.projectName, project.entry_projectCode AS code, Count(observation.OBSERVATION_ID) AS plots FROM project INNER JOIN observation ON project.PROJECT_ID = observation.PROJECT_ID GROUP BY project.projectName, project.entry_projectCode;			

### History

#### #1 - 02/14/2007 04:10 PM - Michael Lee

Might be nice to have a query that reads out in English what the problems are and where with errors so I can more easily email them.

#### #2 - 02/15/2007 03:19 PM - Michael Lee

better for project summary pasting into a new document (text):

```
SELECT [projectName] & " (ID " & [entry_projectCode] & "): " AS proj, Count(observation.OBSERVATION_ID) AS plots, " plots" AS Expr2
FROM project INNER JOIN observation ON project.PROJECT_ID = observation.PROJECT_ID
GROUP BY [projectName] & " (ID " & [entry_projectCode] & "): ", " plots";
```

#### #3 - 07/23/2007 03:20 PM - Michael Lee

Not sure if this is where to park this comment or not, probably not. But reports from entry tool now include information about whether or not stem counts per acre are within guidelines or not.

#### #4 - 09/01/2007 09:55 AM - Michael Lee

milestone v206 is in the past, so moving these to v2.3

#### #5 - 03/28/2008 12:19 PM - Michael Lee

(In reply to comment [#3](#))

Not sure if this is where to park this comment or not, probably not. But reports from entry tool now include information about whether or not stem counts per acre are within guidelines or not.

This part is now done.

#### #6 - 11/02/2008 01:54 PM - Michael Lee

I think this is resolved in the excel report.
