Description			
The KNB Data Catalog Map page (http://knb.ecoinformatics.org/index_map.jsp) has a differnt "header" or banner set up. On the other KNB pages there is a link on the KNB logo and the a text link next to the KNB logo that says home. It would be helpful to have the home links available.

We should include this in the overall redesign

#2 - 03/27/2013 02:21 PM - Redmine Admin

Original Bugzilla ID was 2792

- *Status changed from New to Rejected*

The entire KNB site is being redone, I don't even know if we will have a full map page!
