

Metacat - Bug #2806

Online Edit action for a data package brings up a blank page

03/23/2007 03:33 PM - Callie Bowdish

Target version:	1.8	Spent time:	0.00 hour
Bugzilla-Id:	2806		
Description			
A data package can not be edited using the Online NCEAS Data Repository (http://data.nceas.ucsb.edu). I tried data packages that I had rights to. I was logged into the KNB. When I clicked the edit button on the data packages found page it brought up a blank page. There is no notification of there being a problem. Currently once a data package is saved a user would have to use Morpho to edit it. The online edit feature does not work.
