<b>Bugzilla-Id:</b>	2820		
<b>Description</b>			
decimal values should be truncated to the floor() integer. Make this happen automatically. Add a note so users don't get frustrated that 24.7 goes to 24.			

### History

#### #1 - 06/01/2007 02:43 PM - Michael Lee

This only applies to big stems, as planted stems form can hold decimal data types. The big stems on the natural stems form should round down if non-integral.

#### #2 - 06/01/2007 03:16 PM - Michael Lee

DONE: 210p5: truncating of values in bigStems for DBH (with nonModal msgBox)
