#### Description

Crol Ann writes:

"When there are multiple collectors listed, the ATLAS seems to preferentially choose the last collector. It would probably be better to choose the first collector, as in

NCU 149738

Quercus falcata

NC: Cleveland County. Boiling Springs

Collector #1 = H.E. Ahles #19086 and R. S. Leisner

Users would probably want to know Ahles as collector instead of sidekick Leisner."

The Atlas needs to be modified so at least the first collector and preferably all listed collectors are reported.

#### History

##### #1 - 06/17/2007 11:21 AM - xianhua liu

Java querying classes are changed to retrieve all the collectors ordered by the orders of the collectors. See Quercus falcata with collection id:149738.
