

InfoVeg - Bug #2874

Taxon Search drop down list - keyboard navigation problematic

06/19/2007 03:09 PM - Robert Peet

Status:	Closed	Start date:	06/19/2007
Priority:	Normal	Due date:

Target version:	Unspecified	Spent time:	0.00 hour
Bugzilla-Id:	2874		

Description

The drop down list that appears as you type into the taxon search box is only navigable with the mouse. When you press the down arrow on the keyboard to scroll through the list, it automatically selects the first entry in the list and enters it into the box.

Fixed. It was fine in IE but not in Mozilla. Now it should be OK in both.

#2 - 09/08/2007 12:35 PM - Robert Peet

fixed
