

InfoVeg - Bug #2894

Entry Forms should change record source, not use filters

07/20/2007 11:49 AM - Michael Lee

| Target version: | x2007-Aug | Spent time: | 0.00 hour |
| Bugzilla-Id: | 2894 | | |
| Description | | | |
| Currently, entry tools display one plot at a time using filters. However, users can easily change or remove these filters. It would be better to alter the record source so that it isn't possible to show more than what's on the selected plot. | | | |

I have done this for plot data form and cover, stems forms, but I need to test with the errorEmbedding mode to make sure it works with those, too.

#2 - 07/26/2007 10:11 AM - Michael Lee

done, v211p49.

Works with regular data and embedding errors mode, too.
