#### Description

We could post data online for people and distribute a smaller set of data.

Community data could certainly be removed from most posts, but clean integration with download of new data would be necessary. Could perhaps do without soilTaxa, too.

#### History

##### #1 - 03/20/2008 03:20 PM - Michael Lee

done, v224.

SoilTaxon and communities can be downloaded and save ~20MB of space in the release version.
