InfoVeg - Bug #2977

change "add party" dialog to do so more cleanly

10/08/2007 08:40 AM - Michael Lee

Bugzilla-Id:	2977			

Description

The party should be automatically added, with a beep. A new form should appear under the current forms with "New parties recently added." and an opportunity to fill out more info for any of them. Can use bln_newRec and min party_ID that is set. Each time an additional party is added, just requery it.

Too many questions currently and the answer isn't entirely obvious. Do you have more info? yes/no/cancel.

To delete party, there could be a button there. Would need to check that all obsContribs of that party don't exist- perhaps toggle to a different person before delete. Add combine party feature?

A helpful site for multiple instances of forms, but I don't know if that's really needed. One form should suffice.

#2 - 10/11/2007 12:07 PM - Michael Lee

looks like I forgot to list the helpful site in the above comment.

- Bug 2922 has been marked as a duplicate of this bug. ***

#4 - 10/11/2007 12:08 PM - Michael Lee

Perhaps Gmail-ish, where it says "you have added party X" and there would be an
"undo" link at the same place.

here it is:
http://ewbi.blogs.com/develops/2003/09/multiple_instan.html

#6 - 10/15/2007 05:43 PM - Michael Lee

fixed, v221_p3_post.zip

This is MUCH MUCH nicer than the previous interrogation.
