

Morpho - Bug #2980

pubDate is not created for citation use when a Morpho Dataset is submitted

10/10/2007 10:22 AM - Callie Bowdish

Status:	New	Start date:	10/10/2007
Priority:	Immediate	Due date:

Target version:	1.9	Spent time:	0.00 hour
Bugzilla-Id:	2980		

Description

Citations for datasets uploaded by Morpho do not have a pubDate so the date part of the citation is missing for these dataset submissions. I think we need to have a submission date included. The online forms for knb, obfs, nceas, esa and I believe sanparks all automatically create a pubDate when the form is submitted.

Currently only esa has a complete citation with the Isid information and name of the server included. I have an update for the other skins but I am uncertain about what needs to happen regarding the Isid (Life science id"authority").

Examples

submitted through the online form
on production server:

Harmon M. 2007. Analysis of long-term litter decomposition experiments. nceas.328.26

inserted by Morpho

on production server:

Harmon M. . Mass loss datafile and Nitrogen concentration data. bowdish.154.6

With citation changes on test server, inserted from Morpho:

Lafferty K. . Symmetrical web of Carpinteria Salt Marsh TEST. KNB Data Registry: urn:lsid:knb.ecoinformatics.org:bowdish:292:7 (<http://knb.ecoinformatics.org>).

Note that the default skin will not incorporate the citation information because it can be used by organizations or individuals working with their own version of Metacat and their server information is unknown. Also they most likely do not have a Isid.

History

#1 - 04/04/2008 11:52 AM - Callie Bowdish

Another example is that when you update a data set to a new version the citation keeps the original date (year) if you use Morpho to update.

#2 - 07/16/2008 01:27 PM - Jing Tao

move to 1.7

#3 - 12/15/2008 09:41 AM - Matt Jones

Jing -- any chance this fix could make it into 1.6.2? It would be a big gain if the profile organization list were updated when the Profile wizard is first opened in Morpho. Some folks at the OSUSB lab are having trouble with this.

#4 - 12/15/2008 09:43 AM - Matt Jones

Oops, wrong bu -- I meant this for bug # 3243, not this one.

#5 - 08/12/2009 03:25 PM - Jing Tao

move to 1.7.1

#6 - 12/23/2009 12:56 PM - ben leinfelder

would this mean "editing" the EML doc just before upload?
